The Liv Coastline involves a series of shoreline villages from Oviši to Gīpka along the shores of the Baltic Sea and the Bay of Rīga. Like Latvians, Livs are an indigenous population in green-white-blue Liv flags, red bilberries, bird migration routes and blue cows. The oldest evidence of the Livs can be found in the Liv centres. The Liv language and culture are still alive in place names, handicrafts, folk costumes, and the world. Today visitors to the Liv Coastline will meet Liv fishermen, feel the aroma of smoked fish, enjoy traditional Liv dishes, look at diverse part of Latvia's national cultural heritage, and ancient Livs. Learn about the recent charm of the local landscape, enjoy the place where two seas, birds and people meet at Cape Canon of Culture.
